Out of Organization Approved Players List

This is the official SeaWolves Virtual Navy (SVN) approved out of organization player list. The names on this list are approved for play and scoring within the SeaWolves Virtual Navy report system. You are authorized to score mission with any player on this list under the following conditions:

1. The player must be entered on your participants block on the mission report. The name must match the name listed in the table below.
2. You must paste the entire mission debrief in your report.
3. You must abide by the SVN rules of engagement (ROE) during the entire mission..

Any filed report that does not contain the information required will be removed and no credit given for the mission.
