

The month of June saw considerable activity within the division. Returning to duty was ADM Uzzi. As ADM Uzzi returns, RDML Harbinger DCNO, has assumed the duties as CNO-AirWolves. The AirWolves division has been re-activated and RDML Harbinger will assume this important position. RDML Harbinger will continue in the SVN division as the Director of Training and Education. RDML Harbinger has been working hard to not only keep the SVN afloat, but to get the AirWolves started back on the right track for success.

In the coming days the implementation of the AirWolves website will be completed and we will transfer all those SVN officers that wish to be AirWolves only. Those officers that wish to participate in both air and sea operations can remain in the SVN, but will also have their records transferred to the AirWolves.

The SVN manuals (Rules of Engagement, Promotion, Billet, Operations) are undergoing updates, so make sure you check them regularly to ensure you up to date on the status of the fleet.
